welfare employees, and
only \$15.00 for employees
with private agencies.

- Prepare yourself to make the best use of psychological testing information at key decision points:
- Understand the basic components and controversies about psychological evaluations.
- Gain experience in writing referral questions and hypotheses when requesting psychological evaluations.
- Learn commonly used psychological tests and assessment approaches used with children and adolescents.

This training is for Caseworkers, Supervisors, Mental Health Providers, and other interested child welfare professionals.
